

Washington, D. C. 20505

27 November 1978

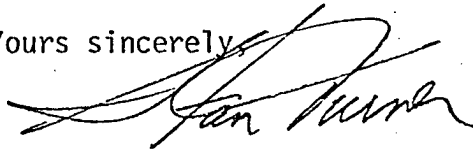

Dear Mr. McCrary,

Thank you for your kind letter. I have enclosed a copy of the remarks made at the Navy League Dinner in New York last week as requested. To my knowledge it was not reported in the press.

As regards your idea for an Armed Forces Dinner in 1980, I am afraid I must punt. Not really knowing New York City, the plans of the New York League, nor having any experience organizing affairs such as you describe, the analyst in me tells me there are just too many unknowns in my equation to comment. I am sure Jack Bergen will not have that problem and will be a far better sounding board than I.

Again, my thanks for your interest in my talk and also for your continuing and valued interest in the Armed Forces of this country of ours.

Yours sincerely,

STANSFIELD TURNER
